CE ISO9001

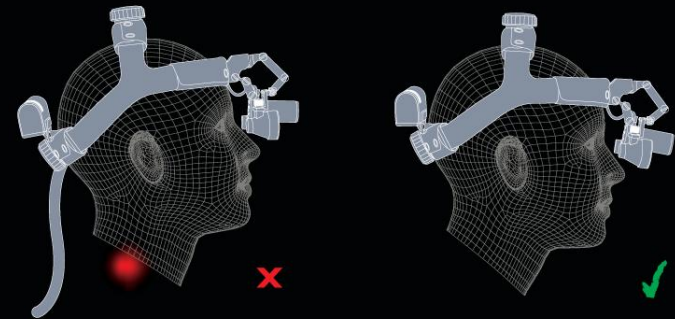

This Mediview headlight (UHL-330) with loupe provides the surgeon with the ultimate in comfort visibility and flexibility. It weighs only 430g and has a padded leather headband, which provides exceptional comfort. Each headlight comes with two spare batteries and a charger. The operation time will last for up to nine hours, depending on the brightness setting.

Mediview's key benefits to surgeons are:-

- Cordless technology
- Excellent visibility
- Lightweight and comfortable
- Three steps of brightness
- Consistent white light
- Very competitive price

Cable - free headlight combined with detachable loupe from U-Medical

The Mediview helps to eliminate neck pain caused by the weight of the leads in a conventional headlight and also eliminates the safety issues caused by trailing leads.

Key features and benefits

Easy to change Li-ion cell battery
